Applicant's signature: \_\_\_\_\_ Printed Name: \_\_\_\_\_

Manager's signature: \_\_\_\_\_ Printed Name: \_\_\_\_\_

\*Comment from a previous intern, Carolyn Becker: "I learned more during my internship than I did from sitting in a classroom. You don't know what a job consists of until you have hands-on experience. My internship prepared me for my future and got me even more excited about the radio business. I would highly recommend that every student participate in an internship during college or prior to their first job in their career. It makes the training process a lot easier".
